A REMARKABLE REIGN

In 2022, Her Majesty The Queen will make history by becoming the first British monarch to celebrate a Platinum Jubilee. Since 1952, the world has seen her grow from a young queen crowned in post-war Britain, into a widely respected Head of State and great-grandmother. Much has changed over the years but The Queen is an admired icon across the world and remains a reassuring figure of familiarity and stability. As Her Majesty prepares to mark 70 years since her accession to the throne, The Royal Mint is proud to present a new Sovereign bullion coin range to mark this unprecedented milestone.

TIMELESS CLASSIC

The Sovereign has had a long and close association with the monarch since its introduction in 1489 when Henry VII demanded a ‘new money of gold’ to represent the strength and authority of the new Tudor dynasty. Once regarded as the ‘chief coin of the world’, it is internationally recognised and is The Royal Mint’s flagship coin. Struck in 22 carat gold and guaranteed to five decimal places, The Sovereign is one of the most tightly specified coins in the world.

“For me, The Sovereign is the most special coin in the UK. It represents the pinnacle of minting and has a strong association with the monarch. I feel very proud yet, at the same time, humbled to be part of this legacy. It’s a great honour to be associated with this unique occasion celebrating the long reign of Her Majesty The Queen.”
